

Winners Selected at Educational Seminar

4-H students exhibiting livestock at the Minnesota State Fair are given the opportunity to take part in an educational seminar prior to showing in order to be eligible for a purple ribbon, champion awards or auction lineup.

This educational seminar consists of a learning workshop and an online test. The top ten percent of exhibitors with high scores from the online test advance to the next step, one-on-one interviews and a skill-a-thon. Rachel (Wulf) Marthaler of Hastings assisted with the interviews and Bev Sum-

merbell helped with the skill-a-thon. The seminars are designed to further enhance educational opportunities for young people exhibiting livestock.

Youth in grades sixth to eighth grade listened to Amanda Radke, Limousin breeder and contributor to BEEF magazine from Mitchell, SD who shared ideas with the exhibitors on ways to make the most of their efforts to promote the livestock industry. The older youth took part in a panel discussion with agricultural industry professionals.

This year's winners received a chair sponsored by the Minnesota Livestock Breeders Association. Among the winners were Limousin junior exhibitors Timothy Anderson and Jake Moser of Stevens County, who brought senior breeding beef projects to the fair.

Thank You

The Minnesota Junior Limousin Association served a taco salad meal to all of the Limousin breeders, families and friends following the open show at the MN state fair.

Congratulations to Courtney Dohrman and her family (Sporty Acres of Dodge Center, MN) upon winning the Minnesota Junior Limousin lottery prize of a Weber Grill.

Thanks to the junior members and their families for bringing the food and serving the meal.
